

# LAZIO

*italian designed sinkware*

## STYLISH DESIGN

The Lazio Keratek Plus ceramic sinks are flawless in design, hard wearing and available in two contemporary colours.

## ANTIBACTERIAL

A sink in contact with food can pass on bacterial infections. Lazio sinks contain an antibacterial protection that inhibit bacteria growth, reducing the risk of food poisoning.

## EASY-CLEAN

When dirt can't stick, it's much easier to clean off. Lazio sinks contain a technology that helps water drops slide away. This makes your sink resistant to dirt and stains and ensures that it is easy to clean.
