

CARING FOR YOUR

# Lazio Keratek Plus Ceramic Sink

**TRENDS**<sup>™</sup>  
KITCHENS

## Everyday cleaning

- ✓ **Clean your sink after each use**, with a soft cloth, warm water, and mild liquid detergent.
- ✓ **Dry your sink** with a dry, soft, absorbent cloth after each use. This prevents the build up of lime scale on the sink surface.
- ✓ **Remove all stains as soon as possible**, using warm water and diluted bleach. Rinse well with water.
- ✗ **Never use abrasive cleaners**, abrasive scrub pads or aggressive chemicals can scratch the surface of your sink, making it susceptible to stains.

**CAUTION!** Do not pour alcohol, gasoline, trichloroacetic acid or any solvents onto the sink. These can react with the structure of the sink and damage it beyond repair.

# Lazio Keratek Plus Ceramic Sink

## Preventing heat damage

- ✗ **Hot objects** - Don't place pots, pans or other hot objects straight from the oven/stove directly onto the surface of the sink.
- ✗ **Thermal shock** - Don't place very hot and very cold objects on the sink at the same time, as this can cause thermal shock.

## Preventing scratches and chips

- ✓ **Bowl protector** - Use a bowl protector or dish basket when washing cutlery, pots and pans, and other metal cooking equipment, to guard against scratching.
- ✗ **Don't use the sink as a cutting surface.**
- ✗ **Don't drop heavy or pointed objects onto the sink surface.**

## Removing marks and stains

<b>Organic stains</b> <i>e.g. tea, coffee, fruit juice, wine</i>	Fill the sink with a highly diluted cleaner such as bleach and leave overnight. Rinse with warm water and a soft cloth.
<b>Ink, oil-based stains or paint</b>	Use a cloth dampened with methylated spirits.
<b>Lines caused by pots or cutlery</b>	Rub with a cloth or sponge and liquid detergent.
<b>Mineral buildup</b> <i>e.g. limescale, white residue</i>	Cover the bottom of the sink with a mixture of white vinegar and water and soak for a few hours. Rub the bottom of the sink vigorously with the stiff side of a sponge. Rinse thoroughly with water.

Please note your Lazio Keratek Plus Ceramic Sink is stain resistant, not stain proof. We recommend cleaning your sink after each use.
